1. The first part of the paper is devoted to a review of the literature on the topic. It starts with a general overview of the field, followed by a more detailed discussion of the various approaches and methods used in the literature. The second part of the paper presents the results of the study, which are organized into several sections. Each section discusses a different aspect of the study, such as the data collection, the analysis, and the conclusions. The final part of the paper is a conclusion, which summarizes the main findings and discusses the implications of the study.

[illegible]

1. *Phragmites australis* (Cav.) Trin. ex Steud.

10

A black and white photograph of a large, rectangular, light-colored object, possibly a piece of equipment or a container, with a dark, irregular shape on its right side. The object is positioned horizontally and appears to be resting on a surface. The dark shape on the right side is somewhat indistinct but seems to be a separate component or a shadow. The overall image is grainy and has a high-contrast, almost abstract quality.
